Food Allergies: While we strive to accommodate customers with special food needs, please be aware that Clayton's is a food establishment that uses and processes wheat, dairy, nuts, soy and other products on a regular basis in kitchen operations involving shared cooking and preparation areas. Therefore, the possibility exists for food items to come in contact with each other and we are unable to guarantee that any menu item can be completely free of allergens.

ABOUT
CLAYTON'S

Family-owned and operated since 1994, Clayton's has grown from humble beginnings as a gourmet wine and cheese shop in downtown Yarmouth to a fixture in the community and a destination spot north of Portland for the best overstuffed sandwiches, delectable soups, salads, and fresh-baked goods around. We also specialize in sweets ranging from nostalgic penny candy to fine chocolates, a carefully chosen wine selection and coffee and espresso drinks from Coffee by Design. Our philosophy has remained the same for nearly two decades: to prepare food the way we would want it...fresh, creative, healthy, and delicious. We are dedicated to providing value and excellence, most all of our food is prepared daily on premises using only the freshest and finest ingredients available with care and a commitment to quality.
